### Notes for Completion of Programme Aims

A programme aim is required for all learners undertaking an E2E programme in 2009/10. This includes any continuing learners from 2008/09 as well as new starters in 2009/10.

The programme aim records information about the overall E2E programme. The other learning aim fields not shown on Part 2 of the form are not required for a programme aim and should be returned with a null value in an ILR Learner Responsive batch file submission.

Part 3 of the form should be used as many times as required to record details of the main XE2E0001 aim and all subsidiary learning aims.

The programme type and funding stream must be coded as A10 = 21 and A15 = 09 for all E2E learning aims and the programme aim.
