 - e-portfolios etc.
- Many members – open membership
- Small (but representative) steering group

- Purpose
 - Proposals for ISB projects and/or actions
 - Consideration of ISB activity
- Papers to be published and considered by ISB Board
- Membership
 - Suppliers of data systems to education
 - Wide definition not just MIS
- Steering group
 - Representative
 - Schools, FE, HE, Children's Services, Learning Platforms
 - DfE/BIS chair plus ISB support
 - Selected via existing mechanisms
 - IA Suppliers meeting and schools MIS equivalent

- **Steering group**
 - First meetings:
 - 23 November, 21 December
 - Terms of reference
 - Plan initial meeting of SG

- **'Huddle' collaboration tool**
 - **Membership essential**
 - Meeting invites
 - Documents
 - Discussions
 - Early documents for SIG consideration
 - Ethnicity
 - Disability
 - Learning difficulty

- Yes!!!!!!
 - ULN acquisition for example
 - Requires name matching:
Forename, Middlenames, Surname ← **no certainty of matching!** → Forenames, Surname
 - And different systems have differing numbers of characters for each part!
Old ILR: 20 + 40 **XML ILR:** 100 + 100 **LRS:** 35 + 35 + 35
 - Compatibility ensures successful system interaction
 - ILR, LRS, Awarding bodies, UCAS,
 - NEET tracking, Connexions, Local Authorities, Performance Tables
- ➔ Lack of compatibility ensures system failure

- **ISB Learner Name**
 - Fully deconstructed form
 - 100 chars per name component
 - Any number of name components
 - Each with a build sequence number

- **LRS, IA, UCAS, HESA**
 - all committed to adopting ISB standards
 - When?
 - All together or just one at time?

- **But can anyone design**
 - an enrolment screen for MIS staff?
 - an enrolment form for prospective students?
 - a web-screen for online applicants?
